

 Dorner Electronic

**DornerBatch**

163.5

170 kg

**SIMPLE  
CONTROLLING**

Varying conditions  
require different solutions

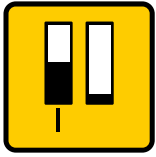

**DornerBatch**

**DornerBatch** was developed for concrete and precast plants with a high degree of standardization.

**DornerControl**

**DornerControl** is the proven control system for complex ready-mix-, precast- and dry material plants.

# DornerBatch

A simple smart machine control which supports the operator from day one.

The cockpit interface has all the crucial information at a glance and additional data is a simple click away.

**Latest technology**  
ensures it is futureproof

**Modern and very**  
attractive design

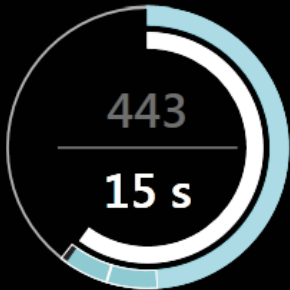

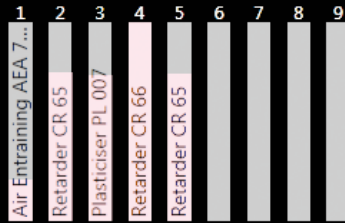

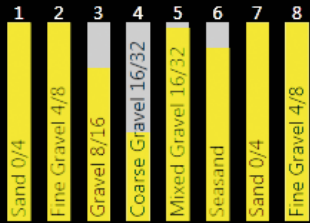

**True multilinguality** makes it  
easy to use internationally

**Short initial training** achieved  
by a logical program structure

Good reasons for **DornerBatch**
